EXAGGERATIONS.

The telegraphic reports of reverses must be received with a great deal of allowance. The latest news from Virginia, as is evident from a special to the New York Tribune of yesterday morning, is General Pope's official dispatch, received Saturday night. All the rest is of previous date, or unreliable.

Descriptive FIRE.—Yesterday afternoon, a fire was discovered in the extensive tannery of Mr. Franz, on Adams street, near Beargrass Creek. The establishment, which is the largest in the State, and entire stock, which was also very large, was entirely consumed, involving a loss of \$20,000 or \$30,000. It is supposed the fire was accidental. All the steam fire engines were present, and rendered all the aid they could, under the difficulties of obtaining water in that vicinity. We did not learn whether there was any insurance on the buildings or stock.

Bitten by a SNAKE.—We learn with exceeding regret, that the wife and little son of our estimable fellow-citizen, Mr. Robert Snyder, were bitten by a copperhead while on a visit to a relation, near Middleton, on Friday evening. It is supposed that they are not very dangerously bitten, and it is hoped that both may speedily recover, and not suffer any serious injury. Every attention is being paid them, and every remedial agent administered to them.

On Friday evening last, Mrs. Eady, a poor but industrious woman, lost a pocket book or wallet, containing about \$200, and the sum of \$100, on the Newberg road. She is willing to give \$60 of the sum for the recovery of the balance. The sum will be doing a generous act if he returns it to the owner, who is very much distressed, or leaves it at this office.

Scot Glare, the well known book and periodical dealer, who is always up with the times, has just received one of the finest and most assorted collection of new school books to be found in the city. His depot is on the corner of Third and Jefferson streets, where he can be found at all times, ready to wait on all who may favor him with a visit.

Colonel Kirk, commanding Thirty-fourth Illinois volunteers, has been placed in command by Gen. Boyle, of all the United States forces in this city, and all new regiments that may arrive, in order to fit them for service, and see that they are well disciplined. The Colonel is a splendid officer.

THANKS.—We are thankful to our friend Mr. John R. Cheeks, for a basket of delicacies apples, which were grown on Waverland farm. They are very large and fine, and our thanks go to him to acknowledge them the finest we have seen this season. Thanks, John.

MCLELLAN RIFLES.—All members of this corps, as well as those wishing to join a good Home Guard company, will meet at Schwind's on Jefferson, between Hancock and Clay, this morning, at half past eight o'clock. Let every one attend.

We call the attention of our readers to the cell of Mr. Geo. W. Womack, in this morning's paper. It is time for our citizens to be up and doing. Read advertisement, and act fast.

The City Schools were opened for the fall term at the usual hour yesterday morning. Parents and guardians should send their pupils forward early and promptly.

FIRE.—Yesterday afternoon, a fire broke out in the schoolhouse, on the corner of Ninth and Grayson, but was extinguished without the aid of the steam fire engines.

Mr. John Shaw has been elected Councilman of the Tenth ward without any opposition. He will make a good representative.

INCENDIARISM.—The great number of fires of late evidence enough to us that incendiaries are about, and we think it is absolutely necessary that some steps should be taken to arrest and punish the offenders. Let the police force be trebled. It is high time that rascality and scoundrelism should be checked up, and the wretches who go about setting fire to property should be shot or hung on the spot, if they can be caught. Will the Council, at its next meeting, authorize the Mayor to increase the police force of the city?

NOTICE.—In pursuance of the proclamation of the Mayor, the citizens of the Sixth ward will meet in the east room of the Courthouse this morning (2d September) at 9 o'clock, to elect officers, &c. All good Union citizens of this ward, who are willing to take up arms in defense of the nation and the city, are invited to be present.

We trust the Legislature will call for 50,000 men for thirty, sixty, or ninety days, to be put in the field at once. It can be done, and let all who have arms be required to bring them with them to camp. Kentucky must and will drive these traitors from her soil, and that immediately.

The citizens of the Third ward met at the Kentucky Engine House on last evening, and enrolled their names for the military company to the number of sixty, after which they adjourned to meet again this morning at nine o'clock, to increase the number of recruits.

NOTICE.—There was a very fair audience at the theater last night, notwithstanding the excitement in the city. The play for to-night, is "The Stranger," with a song, concluding with the laughable farce of "The Secret." We hope the house will be crowded.
